Bringing the 2017 Maltese Presidency of the Council of the European Union Full Circle

Special Guest Performance by Award-Winning, Multi-Platinum Vocal Super Group The Tenors

Everything; every endeavour, every occasion, every monumental milestone, must eventually come to an end. This is also true for the 2017 Maltese Presidency of the Council of the European Union; a unique landmark moment in Maltese political history, and one that brought with it a great number of achievements and a lot of political praise for our country. It has been a wonderful period of time – six hectic months which consisted of several events, both political and cultural, and which brought tens of thousands of individuals to our shores.

In the true spirit of rEUnion, which has been the central theme for this Presidency, we will be celebrating all we have achieved in the same way we heralded in our goals and priorities in January – through music.

Smart City will be the hub of all activity on Friday 30th June, as a great number of Maltese musical celebrities entertain the crowd, accompanied by 23 musicians directed by Mro Paul Abela. The concert will feature special guests The Tenors (Fraser Walters, Clifton Murray and Maltese-Canadian Victor Micallef), an award-winning band, who have performed around the world and are famous for blending classical music and contemporary pop. Commencing at 20:30 and concluding at 23:00, this closing concert will present to the crowd two and a half hours of non-stop music, performed on a beautifully lit and branded stage while backed by the marvellous dancing water of the Smart City fountain.

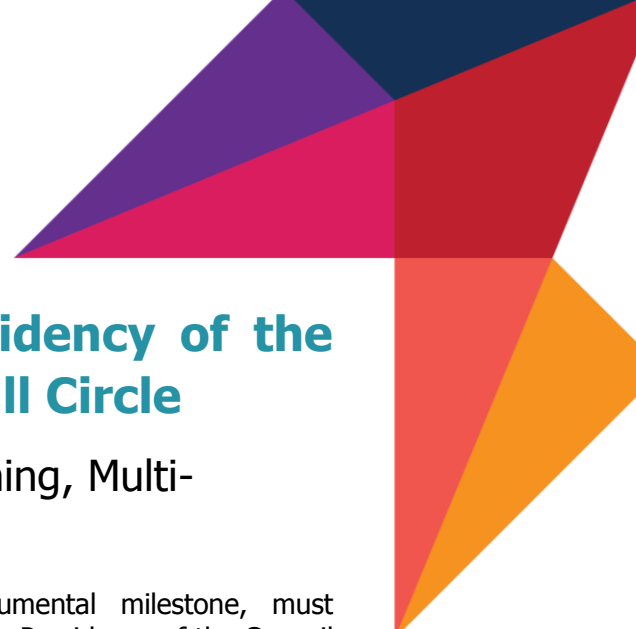

It is an event which will be open to the public with free entrance; a true symbol of the culmination of rEUnion – our citizens, the centre of our project, joining us in the celebration of one of the most successful periods of Maltese political history – the 2017 Maltese Presidency of the Council of the EU.
